Subject: Telemark Pointe Lawsuit Service

Hello to those of us who are Telemark Pointe Owners

As you know, the TIOA and Palace View Inc. (Dick Short) have been in a legal struggle for almost 3 years.

In an attempt to save itself money, Palace View and its attorney: Matt Anich, will attempt to obtain a voluntary Waiver of Service of Amended Summons from you through a mailing.

If you waive service, they will not have to serve you personally.

This is the Service we told you about last fall including you as a Pointe owner in the lawsuit.

By ignoring Palace View's "easy way out", we will force them to incur costs of service that they clearly don't want to incur, and hopefully encourage them to drop their suit.

At the advice of TIOA counsel, the Board of Directors requests that you ignore the mailing or forward it to our General Manager, Cole Rabska.

Questions? Please call me at 952-261-7265.

Thank you,

Mike Kocon
